CODE OF CONDUCT STANDARDS FOR PARENTS

Our Catholic School Communities are committed to the total development of our youth. Many life skills and values can be learned from participation and involvement in our elementary athletic programs. However, it must be remembered that inter-scholastic sports are a part of the total school program.

Finally, our primary thrust in our school existence is the infusion of the gospel values into our everyday lives. These essential values are never to be superseded by an overriding demand to produce "champions".

Parents' Standards

Parents are:

2. To recognize that youth sports are a small part of a child's life.
3. To encourage and abide by the Steubenville Area Parochial Grade School League guidelines and rules.
4. To be respectful and supportive of coaches and school personnel in their roles and responsibilities.
5. To communicate through proper channels within the school program: Coach - Athletic Director - Principal - Commission.
6. To serve as a positive role model exhibiting sportsmanlike and Christian behavior at all times.
7. To reinforce, encourage, and support their children in academic and athletic areas.

I have read the Steubenville Area Parochial Grade School League Standards of Behavior, and I promise to abide by them when participating in League programs and events.
